

MINIBOWLING

small lane - big fun

VOLLMER
— *sport*

VOLLMER Sport bowling lanes stand for fun and games.

Minibowling big fun on small space

Fun bowling for kids and adults – in family entertainment centres, holiday parks, hotels and of course bowling halls. The mini-bowling lanes of VOLLMER Sport guarantee fun and happiness everywhere.

VOLLMER Sport mini-bowling is the same as conventional bowling but on a smaller scale. It only requires about 40 % of the space and is played with a correspondingly sized ball (140 mm) and pins.

Your key advantages

- High revenue generating
- Small space requirement
- No special structural requirements
- "Stand alone" operation, no service personal required
- Coin-operated
- No need to oil the bowling surface
- Bowling shoes not required
- Side barriers for accident prevention
- Promotional and advertising displays plus fun games
- Main emphasis on fun and activity

***Exciting for families
for young and old.***

Fun and games

Scoring systems

VOLLMER Sport scoring systems offer a wide variety of games for an enhanced bowling experience. Video and sound can also be incorporated in order to bring the game to life. Besides traditional bowling, these systems also include a range of different games catering to young and old alike. Thanks to automatic bumpers, children can get fully involved in the game and even score a strike.

The VOLLMER Sport computer scoring system offers high quality colour monitors showing a wide range of exciting graphic representations of strikes, spares etc. with accompanying sound effects to add drama and atmosphere.

Software options ranging from music programs to on-screen advertising offer the opportunity to select a system which suits the operational needs of your business.

Highlight Design Effects

Running light and bumper systems are a must in any modern bowling alley. VOLLMER Sport offers you a running light system for guaranteed fun, excitement and suspense.

The running lights alongside the bowling lanes give your installation the ultimate visual impact. A real design highlight, they are ideal for children's parties or disco bowling.

The unit consists of sturdy aluminium rails with 3 colour LEDs connected to the control unit.

VOLLMER Sport offers you spectacular effects, technicolour walls and unusual motifs. We can turn your installation into a unique attraction with atmosphere and panache - for bowling as you've never known it before!

Optimal bowling surface

VOLLMER Sport bowling surfaces are made of special HPL laminate panels, specially designed for bowling alleys. The precision and stability of the laminate panels and substructure guarantee an optimal ball rolling action, making them suitable for the most discerning of bowlers.

Our laminated bowling surfaces are supported by a sturdy substructure, offering ideal conditions for the ultimate bowling experience.

VOLLMER Sport advantages

- Very hard surface
- Optimal antifrictional properties
- High abrasion resistance
- Different colours
- Long lasting
- Easy to clean

Pinsetter

The VOLLMER Sport pinsetter has a long record of success under tough conditions.

VOLLMER Sport advantages

- Robust, stable design
- Best detangling system
- Made for continuous use to maximise income
- Compact and clearly laid out
- Low maintenance costs

The ball collector

The VOLLMER Sport ball collector gives a visual focus to your bowling alley.

The ball is slowed right down in the ball collector before rolling onto the rack, thus ensuring a high level of safety for your players.

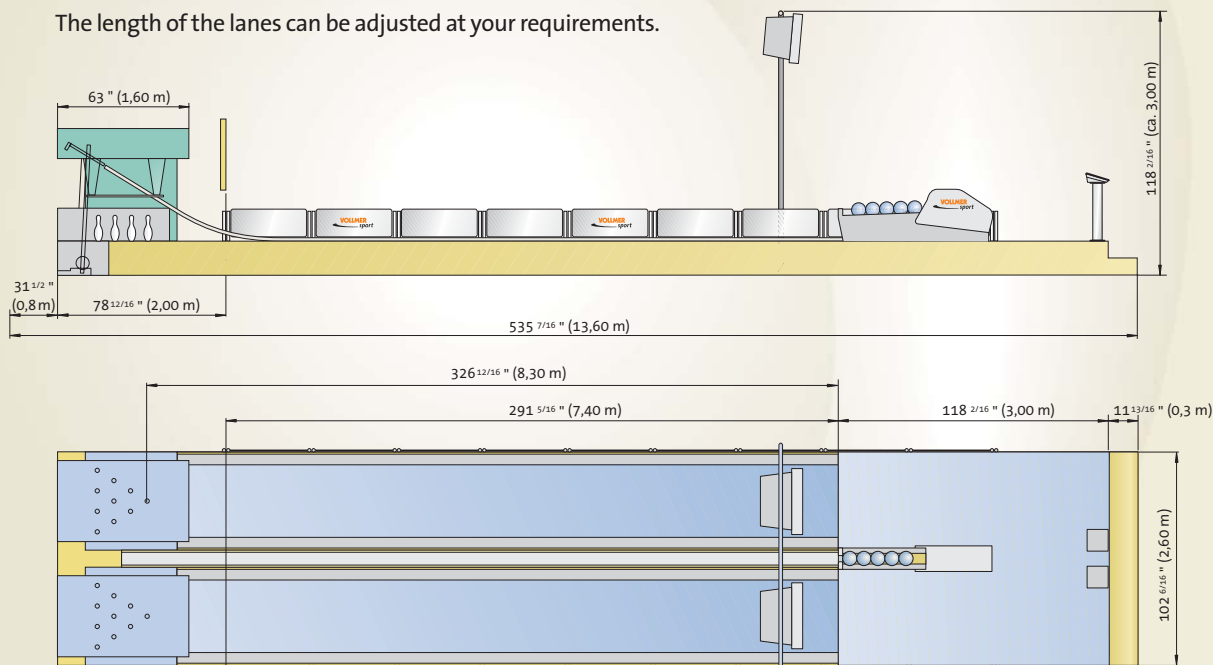

VOLLMER Sport bowling accessoires for trouble free bowling enjoyment

VOLLMER Sport offers a wide range of bowling equipment and accessories for professional and fun bowlers alike. We supply pins, bowling balls in a range of different colours both drilled and un-drilled, along with lane care products and a wide range of other accessories for the fashion conscious bowler.

Dimensions

The length of the lanes can be adjusted at your requirements.

Fun and games

VOLLMER Sport bowling alleys are a byword in the leisure industry for fun, excitement and first-class entertainment. Our bowling alleys are an absorbing recreational pursuit. Ideal for children's parties, disco nights or fun bowling, they offer something for everyone.

The best way to judge is to see for yourself: sample the atmosphere at one of VOLLMER Sport's many bowling centres and you'll find yourself hooked on this gripping leisure pursuit before you know it.

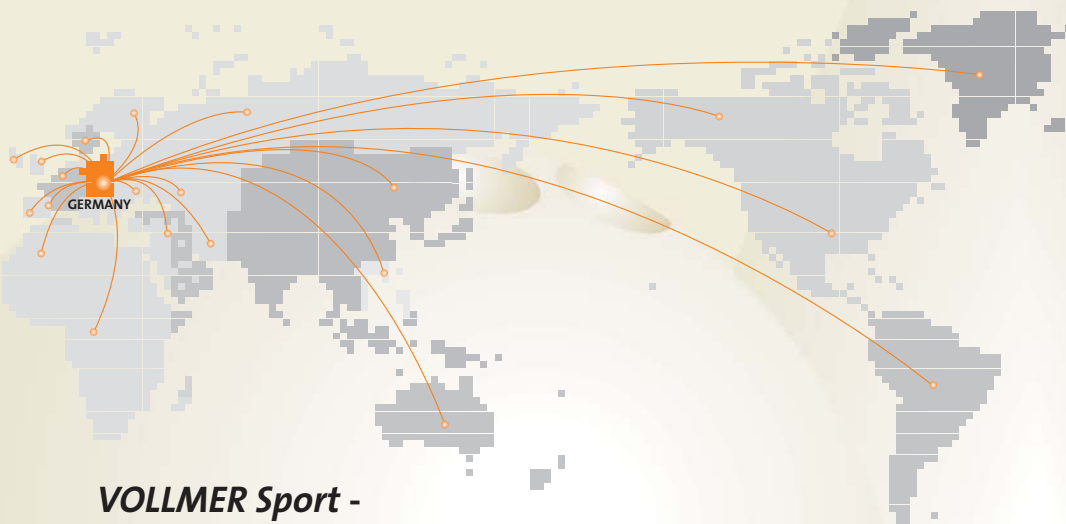

Unlimited applications

These features open up a whole range of applications for mini-bowling installations.

For example, they can enhance the attractiveness of leisure parks, shopping centres, holiday villages, children's play and recreation centres, existing bowling centres and the fun and leisure sector in general.

Coin-operated systems or "stand-alone" solutions without service personnel are also possible. And they can incorporate all the familiar features of modern tenpin bowling (computerised scoring systems, games and graphics, "glow in the dark" effects, running lights, bumpers, masking units, etc.).

VOLLMER Sport - your partner for the future.

Attractive, modern installations are a magnet for children and bowling enthusiasts. Our sales and service partners are at your disposal whenever you need them, and can supply all the necessary information and planning advice.

Our comprehensive customer service network keeps your bowling alleys up and running at all times.

We can provide expert on-site support and assistance.
